"Coach" Kite jumps for joy in front of "the Last Resort" bus that he turned into a camper for a cross-country trip with his family.

Mrs. Kite says, "This is Bill in 1970, before his first teaching job, when they made him shave his beard. He grew it back a year later and kept it until the 1980s. When he started to look like Santa Claus, he shaved it for good."

I seriously don't know what to say in this write-up...I mean, I know I'm supposed to write about myself, but you all already know about me. I've only been around for the past twelve years, and as such, I think it's time to talk about lemmings. Lemmings (small, rodent-like creatures that live on the Canadian and Russian tundra) live a sad and miserable existence. Foraging for non-existent food on a daily basis, they are constantly hunted by every other living creature on the tundra. With enemies lurking around every corner, the lemmings congregate in their holes, cowering and drooling in fear. In fact, life is so depressing that, at times, they are known to dramatically throw themselves off cliffs in mass suicides...I can't go on...This is too much for me...

Social Awareness Organization

The Social Awarness Organization belives in volunteer participation in a variety of activities on the local, national and internationl level. Walks for breast cancer and hunger, canned food and clothing drives, feeding the homeless at Father Bill's and sponsoring a team for the Relay for Life reflect our motto "to care is to act." We will continue to help those in need as we look at the world with open eyes and open hearts.

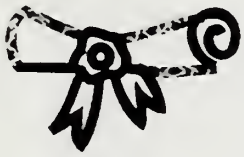
The Spinnaker

Class of 2005 Graduates!



Cohasset- Congratulations class of 2005! You have completed High School! Best of Luck in the future! Dream Big, Go Far. Go confidently in the direction of your dreams. Live the life you have imagined. Go for it now, the future is promised to no one. To accomplish great things we

must not only act, but also dream; not only plan, but believe. Don't judge each day by the harvest you reap, but by the seeds you plant. Keep in mind that neither success nor failure is final. The horizon leans forward, offering you space to place new steps of change. Just go out there and do what you gotta do. Be miserable or motivate your self. What ever has to be done is always your choice. It takes courage to grow up and become who you really are. The young graduate is discovering that among the necessities of life, the most important is living. A milestone passed, new things begun, dreams as shining as the sun, a goal achieved, a victory won. That's graduation. Everything you can imagine is real. •

Good Luck Cohasset Class of 2005! Best Wishes in the future!

Love, ***The Spinnaker***
